Diphtheria

A sore throat is a good breeding place
for Diphtheria germs. Protect your chil-
dren by never neglecting a Sore Throat.
You can wisely depend upon TONSIL-
LINE. Give Tonsilline upon the first ap-
pearance of Sore Throat—don't give
Diphtheria a chance in that throat in its
weakened condition. When TONSIL-
LINE is swallowed it comes directly in
contact with the diseased surface
and induces a healthy condition
of the membrane—then the sys-
tem can better defend the throat
if attacked by Diphtheria germs.
Keep TONSILINE in the house
always. 35c., 50c. and \$1.00.

Facts About Sugar

The origin of sugar dips deep down into the
deep obscurity of early Hindoo legends.
Most reliable evidences indicate that India was
its first home.

It was first refined by the Egyptians—later by
the Havemeyers and Spreckels.

Virtually all cane sugar produced in this
country is grown in Louisiana. A large proportion
of the sugar consumed here is imported from the
West Indies.

The Louisiana crop of 1918 was 281,000 tons.
Sugar is one of the most important of the five
food elements.

Several years ago it was more plentiful than
money—so nobody saved it.

Today money is more plentiful than sugar.
Are you going to save it?

ST. ELIZABETH MEN TO SELL OWN WORK

Proceeds From Handicraft of
Patients Will Swell Trinity
Drive Fund.

One of the most unique displays of
its kind will be seen this afternoon
when the work of wounded soldiers
and sailors at St. Elizabeth's Hospital
is put on exhibition at the Trinity
Community House, Third and C
streets northwest. The sale—for the
articles ranging from fancy bead-
work to chocolate candy will be sold
—begins at 3:30 p. m. and lasts until
10:30 this evening.

The funds resulting from the sale
will be added to those collected in
the drive which begins today to raise
\$50,000 for the permanent establish-
ment in Washington of a Trinity
Community House.

There are necklaces and bracelets
of fancy beadwork, wickerwork bas-
kets, fancy embroidery, rugs, candy,
apple jelly and canned fruit. And all
of the articles to be sold were made
by the patients at the Government
Hospital for the Insane. So far as
known, this is the first time in Wash-
ington that the practical results of
classes in vocational education have
been shown—and those who view it
this afternoon will agree that the re-
sults justify everything ever said in
behalf of vocational education.

Soldiers to Sell Goods.
The soldiers—some of them the
artists who made the delicate pieces
of basketry—will be the clerks who
wait on you and show each piece of
work in turn. The women in charge
of the exhibition will be those who
instructed the soldiers.

The room in which the exhibition
will be staged has been attractively
decorated with fresh flowers, the
gifts of Washingtonians interested in
the work of Trinity House. The ta-
bles in the center of the room will
be laden with the fancy baskets,
glass and jars of apple jelly, quince
honey, preserved pears and other
fruits.

Women Started Classes.
The classes in vocational education
for the soldiers were originally start-
ed at St. Elizabeth's under the
tutelage of women volunteer workers,
among whom are included: Mrs.
Maurice Otterback, Mrs. William J.
Hendricks, Mrs. Viola Rudy, Mrs.
David R. Covell, Mrs. L. W. Covell,
and Mrs. J. Ross Facer.

As the work progressed the hospital
and Government workers gradually
took the classes over, and today the
regular teachers in vocational educa-
tion have the men in charge.

The work to be on exhibition to-
day is peculiarly interesting when
it will be remembered that the
artificers, many of them, have only
partial control of their minds and
bodies. Some of them are suffering
from nervous breakdowns, others are
partially paralyzed, all of them are
undeveloped. Yet the articles they
have produced will compare more
than favorably with the best made
by commercial concerns.

HYATTSVILLE NEWS

Wife of City Engineer Rush Dies
Unexpectedly—Town to
Insure Employees.

HYATTSVILLE, Md., October 28.—
Mrs. May Rush, thirty years old, wife
of City Engineer W. W. Rush, died
unexpectedly yesterday afternoon.
Mrs. Rush had been ill only about a
day. Sunday night she called upon
friends here and appeared in good
health. Besides her husband, Mrs.
Rush is survived by two children,
Walter, eleven, and Elizabeth, eight
years old. She formerly was a Miss
Preston, of Philadelphia. Only a few
weeks ago Engineer Rush lost part of
his health. It was caught in the
machinery in the local water works
plant.

The vestry of Pinkney Memorial
Church contracted for a pipe
organ, which probably will be in-
stalled in December. The fund is be-
ing raised by a committee, under the
direction of the Parish Guild, of which
W. D. Porter is president.

Many important matters are sched-
uled for discussion at a meeting to-
night at 8 o'clock in Odd Fellows'
Hall of the newly organized Snyder
Farmer Post of the American Legion
of Honor.

A Republican meeting is to be held
tonight in the store of J. Ogil Brooke,
in Nottingham district. Tomorrow
evening Republicans of Oxon Hill will
gather in Woodmen's Hall; Thursday
evening a rally is scheduled in Fire-
men's Hall, Brentwood; Friday even-
ing at Beltsville, and Saturday eve-
ning at Upper Marlboro.

At the October meeting of the
mayor and city council held last night
a motion was adopted providing for
the insuring of employees of the town.
A resolution of sympathy for City
Engineer Rush upon the death of his
wife and upon the unfortunate ac-
cident recently in which he lost part
of an arm, was voted. It was an-
nounced that \$190 had been cleared
from the carnival recently conducted
jointly by the mayor and council and
Oriole Lodge, I. O. O. F. Individual
contributions to the fund bring it up
to \$194. This money will go toward
the purchase of a town motor truck.
The council adopted a motion extend-
ing a vote of thanks to Oriole Lodge
Hyattsville women who assisted. The
report of Town Treasurer W. A. Shep-
herd showed money in the various
funds as follows: General, \$784.27;
rebate, \$239.41; sinking, \$1,411.90; fire
department, \$327.96; water, \$54.09;
special road, \$13.60; road, \$282.20.

Work of assorting the Government
food, ordered by citizens of Hyatts-
ville, will be begun in the Municipal
building this morning. The food is
expected to be ready for distribution
within a few days.

Questions of interest to residents
of Prince George's county are to be
discussed at a public meeting at 8
p. m. Saturday in the parish house
of Pinkney Memorial Church. Con-
gressman Thomas H. Blanton of
Texas and Jackson H. Ralston, of
Hyattsville, will speak.

SEAT PLEASANT

SEAT PLEASANT, Md., Oct. 28.—
Steps to renew interest in the move-
ment for the formation of a fire-
men's association for Prince Georges
county were taken at the last meeting
of the Seat Pleasant Fire and Com-
munity Welfare Association. A com-
mittee of three from the Hyattsville
fire department were visitors.

It was announced that signs bear-
ing the speed limits for motor driven
vehicles would soon be placed
throughout the town.

Progress on the additional story
being erected on the association's
building was reported.

The electric light committee re-
ported that it expects to have erected
this week a number of the poles for
the new system.

The association announced a dance
for its benefit on the evening of No-
vember 26.

All members of the association have
been requested to attend the meet-
ing of the county community council, to
be held in Upper Marlboro on No-
vember 25.

plied the pulpit in Holy Trinity Parish
for several weeks, has left for Phila-
delphia, where he has accepted a call.
The following have been elected to
represent the Sunday school at the
convention soon to be held: Misses
Katherine Taylor, Lucy Baker, Elmo

FLORISTS TO SEND WOUNDED BOUQUETS

Wounded soldiers at Walter Reed
Hospital will be the recipients today
of 5,000 blossoms. This will result
from a decision last night of the
Washington florists, at their fall
banquet at the Dewey Hotel.

William F. Gude suggested that
large quantities of flowers be sent to
the convalescent soldiers as an ap-
preciation of their efforts in behalf
of democracy. Sufficient flowers were
subscribed to provide a large bouquet
for each ward and individual flow-
ers for the soldier-patients.

The banquet room was elaborately
decorated with flowers last night, and
the florists, true to their slogan, "Say
it with flowers," were satisfied to
make their after-dinner speeches brief.
